Work Experience

Frontend Developer (Remote)

Jul 2024 - Jun 2025

Bonita Gold & Jewelry Trading Group | Dubai

Bonita Gold & Jewelry Trading Group is a Dubai-based company specializing in the trading and retail of high-quality gold and fine jewelry. Known for its commitment to excellence and authenticity, Bonita serves a diverse clientele across the Middle East and beyond. The company combines traditional craftsmanship with modern business practices, offering a wide range of meticulously curated jewelry pieces that reflect elegance and timeless style. Bonita continues to grow as a trusted name in the luxury trading market, with a focus on customer satisfaction and product integrity.

- Built responsive, performant interfaces for both customer and admin portals using Next.js, ensuring fast load times and smooth UX across all devices.
- Partnered with backend teams, designers, and product managers to align technical solutions with business goals, creating intuitive features like product customization, secure checkout, and inventory tracking.
- Leveraged TypeScript, React, and modern UI libraries to develop reusable components, reducing code redundancy and improving long-term maintainability.
- Optimized scalability to handle high-value transactions and luxury customer expectations, integrating secure payment gateways and dynamic product displays.

Junior Full-Stack Developer (Remote)

Sep 2023 - Jul 2024

Ultimate Lifestyle

Ultimate Lifestyle is a health and wellness platform dedicated to promoting sustainable lifestyle changes, with a focus on managing and preventing chronic conditions such as diabetes, hypertension, and obesity. The company provides educational content, personalized health coaching, and digital tools to help individuals adopt healthier habits and improve their overall quality of life. By blending medical expertise with user-friendly technology, Ultimate Lifestyle empowers users to take control of their health through practical, science-based guidance and ongoing support.

- Developed an interactive learning platform promoting healthy lifestyle habits, offering courses on nutrition, fitness, and mental wellness.
- Built a dynamic, mobile-friendly web app using Next.js, React Native, Node.js, and MongoDB, ensuring fast performance and seamless cross-device accessibility.
- Designed engaging UI components to enhance user experience, including progress tracking and video lessons to motivate learners.
- Collaborated with designers, backend developers to deliver features on schedule while maintaining clear communication.
- Optimized database structures in MongoDB for efficient content delivery and user data management, supporting scalable growth.
